WHEAT ON NEW GROUND -A Clay Co. correspondent gives the following result of an experiment in that county: Last fall he returned a portion of his breaking, setting his plow about an inch deeper than the sod was first broken. Last spring he sowed it in wheat, and harvested twenty-three bushels per aere. That which he did not replow was also sown in wheat, receiving equal care with the former; but, when harvested, yielded but fourteen bushels per tere. A great many contend that sod broken in the Spring, should not be replowed before it is sown in grain; but the correspondent's experience does not sustain their theory. Farmers should make a note of this, and try the experiment when they have the time.

ENTISTRY.

BEST IN THE WORLD.

SEND EOR A CHICLE AR SONN

Dr. Radway & Co. have never claimed one-hundreth part of the curative virtues for their remedies as is ascribed to them by the people who have used them; for bear in mind, only such diseases and complaints as Dr. Radway, after successful treatment with their remedies knew they would cure, were enumerated in their curative list, so that many of the extraor-dinary cases that have been reported awaken-ed as much astonishment in the discovery of their remedial agents as in those who had been rescued from death, and made whole and sound.

Medicines.

THE ROMANCE OF CURE!

DR. RADWAY'S

Sarsaparillian Resolvent.

As many persons discredited their extraordinary power, from the fact of their disappointment in the use of other advertised remedics—and some believed it impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—should possess such marrelous power. Yet they can readily comprehend that the simple grasses of the field, after undergoing the chemical process of distillation designed by nature in the cow and churn, furnishes us with hutter—certainly the most abundant fat, calorie or heat-making—bone, tissue, muscle, sinew and blood-making constituents for the human body.

But when these people who first doubt the efficacy of these remedies commence their use, they become their most carnest advocates.

WORMS. THE ONLY SAFE & SURE REMEDY FOR TAPE, PIN, & WORMS OF ALL KINDS.

OVARIAN TUMOR CURE.

This is an interesting work of two hundred and sixty pages, with numerous capravings, and contains valuable information for these who are married, er contemplate marrings. Still it is a book that tought to be kept under look and ter, and not tall carslessly about the house.

It contains the experience and advice of a physician whose reputation is world-wide, and should be in the private drawer of every male and female throughout the entire globs. It sumbrance were thing on the andject of the generative system that is worth knowing, and much that is not published in any other work.

Seat to any one ifree of postago; for Fifty Cents.

Address Dr. Butt's Dispunsary, No. 12N. Eighth street at. Lewis, Mo. Never has a medicine taken internally, been known to have cured Tumors, either of the Womb, Uterus, Ovaries or Bowels; the knife has been the sole reliance in the hands of experienced surgeons; but Dr. Radway's Sarsaparillian settles this question. It has cured over twenty persons of Ovarian Cysts and Tumors, as well as Tumors in the Bowels, Notice to the Afflicted and Unfortunate. Before applying to the netorious quarks who advertise in public papers, or using any quark remedies peruse Dr. hutts' work no matter what your disease is, or how deplor-

Tumor of 12 Years' Growth Cured by Radway's Resolvent. Radway's Resolvent.

Beverly, Mass., July 18, 1800.

Dr. Radway: I have had Ovarian Tumor in the ovaries and bowels. All the doctors said there was no help for it. I tried everything that was recommended, but nothing helped me. I saw your Resolvent and thought I would try it, but had no faith in it, because I had suffered for 12 years. I took six bottles of the Resolvent, one box of Radway's Pills, and used two bottles of your Ready Relief, and there is not a sign of a tumor to be seen or felt, and I feel better, smarter and happier than I have for 12 years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.

HANNAH P. KNAPP.
